GCWUF Policy about Students with Disabilities

GCWUF is committed to its primary objective (i.e.) provide equal opportunities to all female students irrespective of creed, color, religion, origin, economic or social status, political inclination and disability. The institution reiterates its prohibition that no one should be deprived of access to higher education due to any disability or impairment.

GCWUF believes that persons with disabilities are essential units of society and it is the fundamental obligation of all institutions to create an appropriate and bettting environment for theirs to become useful members of society.

In an attempt to empower the disabled persons with essential skills and education, the institution, since its establishment, has fixed a special quota for the candidates with disabilities in admissions to all academic disciplines. In addition to this, a special quota for people with disabilities is also reserved in teaching and non-teaching recruitments at University.

The university always shows a forthcoming response to the adoption and implementation of policies and schemes launched by the Government of Pakistan for the welfare and betterment of the people with disabilities. Special Committees are constituted for an immediate implementation of these policies. These committees are also tasked to suggest recommendations to create favorable circumstances for their better accommodation and rehabilitation.

Higher Education Commission has formulated a policy document for the betterment of the students with disabilities, to be implemented at all higher education institutions of Pakistan. This policy is an extension of the "Disabled Persons (Employment and Rehabilitation) Ordinance, 1961", "Disabled Persons (Employment and Rehabilitation) (Amendment) Act 2012", "Sindh Differently Abled Persons (Employment, Rehabilitation and Welfare) Act, 2014", and "Government of the Punjab Higher Education Department Notification No. S.O. (A-11) 1-83/2012, dated November 7th, 2013".

GCWUP desires to adopt the enclosed Policy of Higher Education Commission for students with disabilities and impairments on below mentioned link:
